volume vii of the germany and the second world war series looks at germany and her japanese  
ally on the defensive after the tide of war turned in 1943 an exhaustive study of the air war  
over the reich and the luftwaffe s growing impotence is followed by an account of the invasion  
of occupied france and the allies advance to germany s borders a final section examines japan  
s defeat and capitulation and the creation of a new order in the far east

by the spring of 1943 after the defeat at stalingrad the writing was on the wall but while  
commanders close to the troops on germany s various fronts were beginning to read it those  
at the top were resolutely looking the other way this seventh volume in the magisterial 10  
volume series from the militärgeschichtliches forschungsamt research institute for military  
history shows both germany and her japanese ally on the defensive from 1943 into early 1945

it looks in depth at the strategic air war over the reich and the mounting toll taken in the battles of the ruhr hamburg and berlin and at the battle of the radar sets so central to them all the collapse of the luftwaffe in its retaliatory role led to hopes being pinned on the revolutionary v weapons whose dramatic but ultimately fruitless achievements are chronicled the luftwaffe s weakness in defence is seen during the normandy invasion operation overlord an account of the planning preparation and execution of which form the central part of this volume together with the landings in the south of france the setback suffered at arnhem and the german counter offensive in the ardennes the final part follows the fortunes of germany s ally fighting in the pacific burma thailand and china with american forces capturing islands ever closer to japan s homeland and culminates in her capitulation and the creation of a new postwar order in the far east the struggle between internal factions in the japanese high command and imperial court is studied in detail and highlights an interesting contrast with the intolerance of all dissent that typified the nazi power structure based on meticulous research by mgfa s team of historians at potsdam this analysis of events is illustrated by a wealth of tables and maps covering aspects ranging from germany s radar defence system and the targets of raf bomber command and the us 8th air force through the break out from the normandy beachhead to the battles for iwo jima and okinawa

bergexpeditionen auf himalaya gipfel wurden von reinen frauentams erstmals in den 1950er jahren unternommen bergsteigerinnen eröffnete sich damit eine möglichkeit in die männerbastion des höhenbergsteigens vorzudringen martina gugglberger verwendet diese frauenexpeditionen als linse um handlungsspielräume geschlechterverhältnisse netzwerke und biographische hintergründe von protagonistinnen im höhenbergsteigen von 1955 bis 2014 zu untersuchen ihr blick in die geschichte des frauenalpinismus verdeutlicht die lange tradition von ausgrenzung und abwertung weiblicher aktivitäten im bergsport gleichzeitig veranschaulicht das buch entlang politischer sozialer und ethnischer aspekte der frauenexpeditionen wie sich die realen und symbolischen grenzen im aufstieg für bergsteigerinnen ein stück weit verschoben creativecommons org licenses by nc nd 4 0

aufstieg durch leistung das war einmal der konsens leistung sollte sich lohnen denn wer sich anstrengte der sollte mehr davon haben als jemand dessen ambitionen eher seitwärts ausgerichtet waren es war ein positives leistungsverständnis jeder sollte gemäß seinen fähigkeiten und neigungen alles erreichen können wenn er sich genug anstrengte heute gut 60 jahre und mindestens eine bildungsexpansion später ist die offenheit für den leistungsgedanken in weiten teilen der politischen landschaft deutlich kleiner geworden dabei wäre gerade heute ein positives leistungsverständnis wichtiger denn je aber was braucht es eigentlich heutzutage damit sich jeder in deutschland die persönlichen lebensziele wünsche

und träume erfüllen kann welche gesellschaftlichen und ökonomischen voraussetzungen sind dafür notwendig 16 namhafte autoren zeigen auch anhand ihrer eigenen biografien warum wir einen anderen blick auf das thema leistung und zuweilen auch auf das damit verbundene scheitern brauchen machen wir es wie die fußballbundesliga der absteiger bekommt in der kommenden saison eine faire chance aufzusteigen warum nicht auch in der richtigen welt

ist der mensch schon so wie er ist gut oder muss er sich erst darum bemühen es zu werden um gut sein zu können bedarf es der erkenntnis dessen was gut ist und der einsicht dass man diese erkenntnis nicht schon hat das kennzeichnet die sokratische position in den platonischen dialogen entgegen gängiger deutung ist dieses sokratische nichtwissen aber nicht ausdruck von skepsis sondern grundvoraussetzung für den weg zur erkenntnis diesen erkenntnisweg den aufstieg schildert sokrates im platonischen werk nicht nur vielmehr führt er ihn auch vor im tugenddialog ausgehend von dieser für die platonforschung ungewöhnlichen these sichten die autoren des bandes das werk platons noch einmal mit neuem blick diese perspektive bestimmt den aufbau des bandes der zentrale platonische texte vom tugenddialog her deutet die darstellung seines vollzugs im frühwerk dessen reflexion im mittelwerk sowie die voraussetzungen und resultate des aufstiegs auch im spätwerk ein ausblick in den neuplatonismus zeigt dass dessen mystisch religiöse umdeutung des aufstiegs den für platon entscheidenden aspekt schon früh verliert die transformation des menschen im tugenddialog

|                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
